Tommy Marshall

GRC ANALYST | SECURITY RISK, COMPLIANCE & IAM GOVERNANCE

Atlanta, GA | tommymarshallgrc@gmail.com | Portfolio | GitHub

PROFESSIONAL SUMMARY

GRC Analyst candidate transitioning from nearly a decade of operations and logistics leadership into cybersecurity governance, risk, and compliance. Professional background in process accountability, exception escalation, documentation, stakeholder coordination, and continuous improvement. Applied GRC capabilities demonstrated through four self-directed case studies in security risk, IAM governance, control traceability, AI governance, and cloud security.

CERTIFICATIONS | PLANNED, NOT YET EARNED

Certified GRC Engineer - Auditor (CGE-AUD) - Expected Nov 2026 | **AWS Certified Cloud Practitioner** - Expected May 2027 | **CompTIA Security+** - Expected Oct 2027

CORE GRC COMPETENCIES

Risk & Controls: risk registers, control mapping, gap assessment, evidence planning, remediation tracking, POA&Ms. **Identity Governance:** joiner-mover-leaver, RBAC, least privilege, access reviews, exception handling. **Framework Familiarity:** NIST RMF, NIST CSF, NIST SP 800-53 Rev. 5, NIST AI RMF; ISO/IEC 27001 and FedRAMP concepts. *GRC-specific applications are demonstrated in self-directed portfolio projects.*

PROFESSIONAL EXPERIENCE

AI Trainer and Quality Evaluator | TELUS International AI Acquisitions

Apr 2023 - Dec 2025

- Evaluated search results, digital content, and AI-generated outputs against standardized guidelines for relevance, factual accuracy, usefulness, and quality.
- Applied Needs Met, Page Quality, and Side-by-Side evaluation methods to assess outputs consistently against defined criteria.
- Researched and verified sources; documented evidence-based ratings, written rationales, and exceptions.
- Incorporated calibration feedback and identified inconsistencies or issues for recording or escalation under project instructions.

Logistics and Operations Manager | Solidarity Analytics and Media

Jan 2023 - Jan 2025

- Directed multi-city scheduling, routing, documentation, and exception escalation; maintained 98% on-time delivery while reducing turnaround 15% and operating costs 12%.

Director of Logistics | David August Inc.

Nov 2021 - Jan 2023

- Coordinated personnel, vendors, schedules, inventory movement, shipment records, and service accountability.

Transportation Manager | Alpert and Alpert Iron and Metal Inc.

Sep 2018 - Sep 2021

- Oversaw routing, vehicle readiness, shipment staging, chain-of-custody documentation, and operational escalations.

Independent Contractor | Lyft, Metrobi, GoShare and Wingz

Jan 2024 - Present

- Coordinate time-sensitive assignments, routing, customer communications, records, and service exceptions.

Tommy Marshall

APPLIED GRC PORTFOLIO | SELF-DIRECTED PROJECTS

Simulated case studies and sample artifacts; not representations of production employer GRC programs.

SELECTED GRC CASE STUDIES & DELIVERABLES

Human-Centered Security Program

Simulated risk and IAM program for a fictional 225-person logistics organization; translates security expectations into operational controls.

- Risk register
- Security control matrix
- IAM and security procedures
- Evidence and control testing plan

AI Governance and Risk Program

NIST AI RMF-aligned governance exercise addressing AI risks, oversight, escalation, and evidence of human review.

- AI risk register
- AI control matrix
- Human oversight and escalation plan
- Sample human-review decision record

From Framework to Workflow

IAM governance case study linking control objectives to joiner-mover-leaver, periodic review, traceability, and testing activities.

- Control assessment and traceability report
- Joiner-mover-leaver workflow
- Periodic access review workflow
- Sample control-test workpaper

Cloud Security Operations Blueprint

AWS-oriented cloud security governance reference design with risk assessment, control ownership, and evidence planning.

- Cloud control matrix
- Cloud risk assessment
- Control testing and evidence plan
- Sample control evidence index

PROFESSIONAL LEADERSHIP

Director of Events | GRC Engineering Club, Atlanta Chapter | 2026 - Present

Collaborate on learning sessions and professional-development activities; helped design a four-phase learning roadmap spanning risk, control mapping, evidence, remediation, and monitoring.

EDUCATION & TOOLS

DeVry University: Undergraduate Coursework, Computer Information Systems (2003). **Tools:** GitHub, Markdown, Mermaid, Microsoft 365, Excel, Google Workspace; AWS and Azure fundamentals.
