# TOMMY MARSHALL

**GRC ANALYST | SECURITY RISK | IT CONTROLS | IAM GOVERNANCE**

Atlanta, GA | (404) 661-9425 | tommymarshallgrc@gmail.com | neofyte-grc.github.io/portfolio/

## PROFESSIONAL SUMMARY

GRC Analyst candidate bringing nearly a decade of operations and logistics leadership in documentation-intensive environments, alongside self-directed security governance projects. Experienced in standards-based quality evaluation, evidence-supported decisions, exception handling, process accountability, and stakeholder coordination. Applied NIST RMF, NIST SP 800-53, NIST AI RMF, and IAM governance concepts in documented portfolio work.

## CERTIFICATIONS

Certified GRC Engineer - Auditor (CGE-AUD): **Expected November 2026**

AWS Certified Cloud Practitioner: **Expected May 2027**

CompTIA Security+: **Expected October 2027**

## CORE GRC COMPETENCIES

**Risk & Controls:** Risk assessments, risk registers, control mapping, gap analysis, control testing, audit evidence, remediation tracking, POA&Ms

**Frameworks & Governance:** NIST RMF, NIST CSF, NIST SP 800-53, NIST AI RMF, ISO/IEC 27001 concepts; IAM, RBAC, MFA, access reviews, least privilege

## PROFESSIONAL EXPERIENCE

### AI Trainer and Quality Evaluator | TELUS International AI Acquisitions

*April 2023 - December 2025*

- Evaluated search results, web content, and AI-generated outputs against standardized criteria for relevance, accuracy, usefulness, and quality.
- Applied Needs Met, Page Quality, and Side-by-Side rating methods to assess individual results and compare alternatives.
- Conducted independent research and source checks; documented evidence-based ratings, rationales, and exceptions.
- Incorporated quality reviews and calibration guidance to improve consistency and identify deviations from project standards.

### Logistics and Operations Manager | Solidarity Analytics and Media

*January 2023 - January 2025*

- Directed multi-city scheduling, routing, documentation, and escalation; sustained 98% on-time delivery.
- Reduced turnaround time 15% and operating costs 12% through process standardization and performance monitoring.

### Director of Logistics | David August Inc.

*November 2021 - January 2023*

- Coordinated personnel, vendors, inventory movement, service requirements, and shipment documentation.

### Transportation Manager | Alpert and Alpert Iron and Metal Inc.

*September 2018 - September 2021*

- Managed transportation operations, vehicle readiness, routing, and chain-of-custody documentation.
- Identified operational exceptions and coordinated corrective actions and escalation.

### Independent Contractor | Lyft, Metrobi, GoShare and Wingz

*January 2024 - Present*

- Coordinate time-sensitive assignments, customer communication, service records, and exception resolution.

# TOMMY MARSHALL

**GRC ANALYST | PROJECT EXPERIENCE & PROFESSIONAL DEVELOPMENT**

## APPLIED GRC PROJECTS | SELF-DIRECTED PORTFOLIO

Projects below are independently developed simulations and reference designs, not client engagements or prior GRC employment.

### Human-Centered Security Program | Enterprise Risk & IAM

Simulated 225-employee logistics enterprise with hybrid systems, SaaS, mobile endpoints, and third parties.

**Deliverables:** Risk register; security control matrix; IAM and security procedures; evidence and control-testing plan.

https://github.com/neofyte-grc/human-centered-security-program

### AI Governance and Risk Program | NIST AI RMF

Built an AI governance reference program addressing risk identification, oversight, human review, and evaluation evidence.

**Deliverables:** AI risk register; AI control matrix; human oversight and escalation plan; sample human-review decision record.

https://github.com/neofyte-grc/ai-governance-and-risk-program

### From Framework to Workflow | Control Operationalization

Translated security control requirements into accountable workflows, traceable assessments, and test documentation.

**Deliverables:** Control assessment and traceability report; joiner-mover-leaver workflow; access-review workflow; sample control-test workpaper.

https://github.com/neofyte-grc/from-framework-to-workflow

### Cloud Security Operations Blueprint | Cloud GRC

Designed a cloud governance blueprint linking business risks, control ownership, shared responsibility, and evidence.

**Deliverables:** Cloud control matrix; cloud risk assessment; control-testing and evidence plan; sample control evidence index.

https://github.com/neofyte-grc/cloud-security-operations-blueprint

## PROFESSIONAL LEADERSHIP

**Director of Events | GRC Engineering Club, Atlanta Chapter** | 2026 - Present

- Collaborate on professional-development programming and a four-phase roadmap spanning risk, control mapping, evidence, remediation, and monitoring.

## EDUCATION

**DeVry University** | Undergraduate Coursework, Computer Information Systems | 2003

## TOOLS & ADDITIONAL KNOWLEDGE

GitHub, Markdown, Mermaid, Microsoft 365, Excel, Google Workspace, process mapping, AWS and Azure fundamentals; IAM lifecycle, RBAC, segregation of duties, and continuous monitoring concepts.
